# MMM HAS ALWAYS PROMISED MORE AND WE ARE JUST GETTING STARTED

## MMM ELITE

(HMO)

**UP TO \$2,000**  
annually for dental  
implants.

## MMM PLATINUM

(HMO)

**UP TO \$2,000**  
annually for dental  
implants.

## MMM EXTRA

(HMO)

**\$100.00**  
**MONTHLY GIVEBACK**  
(\$1,200 a year)

The Annual Enrollment Period (AEP) has started and MMM Medicare and Much More is making sure that all Medicare beneficiaries learn about the many extraordinary benefits that will become effective on January 1, 2022. Remember these plan names: **MMM Elite (HMO); MMM Platinum (HMO D-SNP) and MMM Extra (HMO).**

MMM members will love to hear that they will be paying:

- **\$0 copay for generic drugs and even insulin\***
- **\$0 for visiting their primary care physicians**
- **\$0 copay for crowns\***
- **Up to \$400 annually per year for eyewear**, including free selection of frames\*
- **Up to \$1,260 annually for OTC\* with free delivery** including COVID-19 prevention items, because these items can be easily ordered and delivered right at their door.

Dual Eligible members can enjoy the multiple benefits included in our **MMM Platinum** plan, which embraces the Medicare and Medicaid Programs.

**\*Benefit varies by coverage.**

# ENCOURAGE YOUR MEMBERS TO GET THE FLU VACCINE

MMM strongly encourages providers to motivate our members on the importance of getting the flu vaccine during this period. No referral is needed, the member only needs to have the MMM ID card on-hand. Our members may visit the following pharmacies: Walgreens, CVS, Publix, Target, Navarro or Walmart to receive their vaccines at no cost to the member. They may also reach out to you if vaccines are available at your office. You may also discuss other vaccines, including shingles and pneumonia, also available at minimal or no cost to the member.

**OUR MEMBERS MAY VISIT THE FOLLOWING PHARMACIES TO RECEIVE THEIR VACCINES AT NO COST.**

*Walgreens*

 **CVS**  
pharmacy®

 Pharmacy

  
TARGET

**Navarro**   
DISCOUNT PHARMACY

**Walmart**   
Pharmacy

# BREAST CANCER AWARENESS MONTH

Refer your eligible patients to have a mammogram at one of our in-network ambulatory imaging centers. We have many centers located throughout the tri-county area in which our members reside. Transportation services are an included benefit under most of our member plans and no prior authorization is needed when referring to one of our in-network ambulatory imaging centers. Our network directory is the best resource to finding the most convenient location. As a reminder, women's health guidelines are accessible on our MMM website and within our InnovaMD provider portal.

# HOME VISITING PHYSICIAN

Dear MMM Provider:

Understanding the challenges that the current COVID-19 Pandemic has created for our members and providers; and, in addition to routine health challenges and conditions that may render your patient temporarily or permanently home bound or bedbound, MMM of Florida has partnered with My Home Doctor, LLC., a home visiting provider.

In addition to the Annual Health Assessment home visits to assist with HEDIS and GAPs in care, such as the Annual Retinal Eye Exam in the home, My Home Doctor clinicians are available for Acute Care or Chronic Care in the home. These additional services are designed to supplement patient care and not to substitute the current primary care provider service. The visits are at no cost to the member.

If your assigned MMM member needs a home visiting physician rather than an ER department visit and the member cannot make it to your office, please contact My Home Doctor for an appointment. They will send all clinical notes completed during the visit to the member's assigned PCP. They may also contact you to discuss a case if necessary.

Feel free to call **My Home Doctor** directly at **1-888-696-4322** to refer a patient. No prior authorization is needed for an Acute Care visit or for the Annual Health Assessment home visit, only Chronic Care home physician visits will require a prior authorization.

**At MMM we want to  
give you and our members  
much more options!**
